

GCC is a comprehensive supplier of remote site management and services. We custom design, transport and construct facilities and Life Support Camps. Our Life Support services extend from first class Catering, to Medical Support, Maintenance, Laundry and Grounds Keeping: providing our customers with a seamless operation that allows them to remain focused on their mission - while leaving the daily operations to us.

Experience Summary

- **GCC provides Construction, Catering, Maintenance and Manpower Services at 44 client locations throughout Iraq, Afghanistan, Kuwait and Off-shore.**
- **GCC constructed and currently operates 10 temporary and 34 hard structure Dining Facilities and over 23 Labour Camps.**
- **We prepare and serve over 6.8 million meals monthly in Iraq for clients such as the US Armed Forces, USAID, Washington Group Intl, MVM and Triple Canopy.**
- **GCC successfully recruits, trains and deploys a support team of over 6,000 employees in Iraq in accordance with ISO and OSHA standards.**
- **GCC mass procurement allows for economies of scale and competitive pricing that enhance our client's operational capacity.**
- **Our corporate teams go beyond contract performance by enhancing quality of life experiences for our clients regardless of location. Military unit crests, mascots and home bases are highlighted by our artisans, creating an environment that instils pride of workplace. Holiday events are spectacularly celebrated as our teams compete to create the best culinary and artistic presentations!**

GCC Scope of Operations

- **CONSTRUCTION**

Our Turnkey Projects range from Labor Camps, to Warehouses, Dining Facilities, Laundries, and Custom Facilities. The GCC team led by expert civil, electrical, mechanical and industrial engineers has designed and built over 44 projects in compliance with US and British Government standards and International regulations. We have a solid reputation of success in a wide range of difficult environments.

- **CATERING**

GCC prepares and serves over 6.8 million meals per month at remote and offshore locations. We are the first on-site serving our clients – in a tent or a state of the art dining facility that we design, equip and operate.

Meal plans are carefully coordinated with our clients: resulting in our customers looking forward to mealtime and the atmosphere we create in which to enjoy their food and each others company.

- **MAINTENANCE**

Our maintenance teams include electrical, plumbing, sanitation, refrigeration, and mechanical support specialists that keep our clients' operations running 24/7.

- **LIFE SUPPORT**

GCC laundry services, housekeeping, recreation, security, supply, waste management and medical support ensure a high quality of life for our customers regardless of how remote their location is. GCC's partner company, Global Med deploys with us to set up clinics, screen and care for employees and recruit qualified medical staff.

- **PROCUREMENT & LOGISTICS**

Our supply chain capability delivers! From food products to industrial and construction equipment, vehicles, furnishings, and pre-engineered buildings and housing units wherever and whenever required.

- **MANPOWER**

GCC provides a multinational labor force to meet the needs of our clients - from gardeners to drivers and sanitation specialists. We recruit, train and deploy teams based on client requirements, creating labor support camps where needed.
